Familiar. Fully-featured. Mobile optimized.

With an open source Core, uncomplicated low-code plug-in structure and additional Premium add-ons, TinyMCE scales with your app as you grow. That's why it's the WYSIWYG editor-of-choice for 1.5M+ developers when they need to build and ship products faster.

Use TinyMCE as:

- A **basic** editor
- An advanced 📝 editor
- An AI-powered ⬜✨editor
- A {{template-based}} editor
- A totally `<customized>` editor
